

**Fidelis Insurance Bermuda Limited - COVID-19 Visitor Questionnaire**

As the COVID-19 outbreak continues to evolve and spread globally, Bermuda’s Covid-status is listed as “clusters of cases” according to the World Health Organisation (WHO). Fidelis is monitoring the situation and periodically updates the company guidance based on Government and WHO recommendations.

Although virtual meetings are preferred, we are open to critical meetings being held in our office. To prevent the spread of COVID-19 and to reduce the potential risk of exposure to our workforce and visitors, please complete the Visitor Questionnaire below and bring it with you to any meetings held in our office.

Also note that no recent traveler/visitor should come into our office until they receive a negative test result from their Day 8 test.

Please note that all visitors are required to wear a mask to enter the building and to follow the social distancing markings located at reception, floors and elevator lobbies.

Your cooperation is important to help us protect you and everyone in the Fidelis Office
